It's been seven years since we launched our Master Elite™ Contractor Program — the only certification program of its kind for residential roofing. Our success in attracting the very best residential contractors in the industry has been overwhelming. We can't thank each of you enough for your dedication to providing property owners with their best and safest roofing choice! Our personal, special thanks goes to the Master Elite™ Contractors listed above, who are our 2004

Excellence Award Winners for the East Region of the U.S. They have distinguished themselves as the top performers in one (or more!) of three service/training categories that are key to customer satisfaction. Each of you should be genuinely proud of your achievements — and we hope you'll strive to be repeat winners every year! Thanks and best wishes for continued success!
