*"Quality You Can Trust Since 1886...from
North America's Largest Roofing Manufacturer"*

For Immediate Release

Olympic Roofing Receives "Training" Excellence Award

Wayne, NJ, 06/05 – GAF Materials Corporation, North America's largest roofing manufacturer, is pleased to announce that Olympic Roofing of Peabody, MA, has received the prestigious GAF Training Excellence Award. The Award recognizes Olympic Roofing's dedication to continuous education and training by attending the Center for Advancement of Roofing Excellence (CARE) training seminars and passing the Pro Field Guide tests, in an effort to help consumers better understand their roofing options and make an educated roofing decision.

Most consumers recognize that choosing a roofing contractor can be a confusing and risky business. In fact, the Better Business Bureau lists roofing as one of the highest inquiry categories nationwide! As a factory-certified Master Elite™ Contractor, Olympic Roofing has been carefully pre-screened by GAF. In fact, only 2% of the roofing contractors in the country have earned the Master Elite status – a distinction that truly sets them apart from the rest. They are dedicated to insuring that every customer makes his or her best and safest roofing choice. They are also dedicated to continuous improvement and training through access to CARE (the Center for the Advancement of Roofing Excellence), a non-profit educational institute supported by GAF, and dedicated to "changing an industry through excellence in education".
